

We are challenging the traditional rules of pizza, thus using baker's techniques and creating leavened products of different shapes and structures. Our "contemporary pizza" is the result of the perfect union between fresh raw materials and a leavened base. The balance between the topping and the base is crucial, which is why our contemporary pizzas are so different from one other.

# ROCO'S PIZZA

This is the pizza we have been identified with for over 25 years, baked in a pan in a wood-fired oven and served by the slice. Dough is made with soft wheat "00" flour and natural leavening is where the magic happens. The long maturation process gives it a soft but at the same time fragrant structure. For Roco's pizza's lover we offer three timeless flavours, served by the slice.
